

Little Chalfont Nature Park

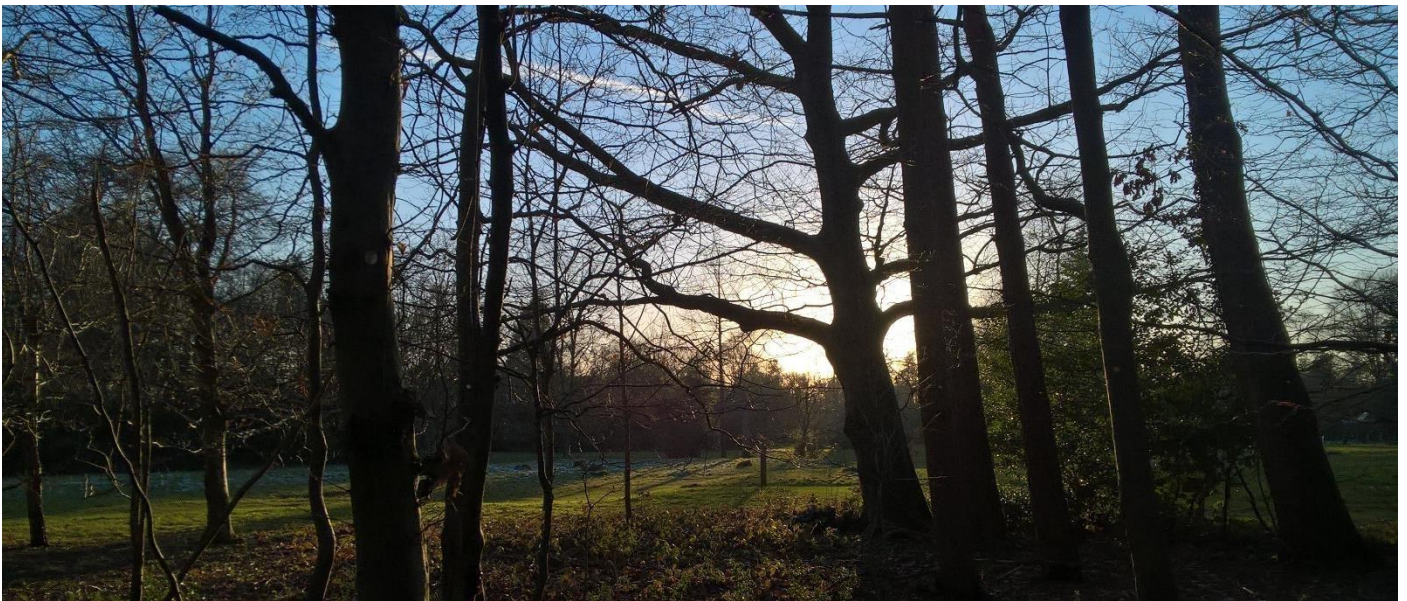

A hidden gem in the Chilterns

A HAPPY NEW YEAR TO ALL OUR VISITORS

January & February

What to see in the park

Trees At this time of year there are lovely long views across the park

Interesting Features

These long mounds are ancient hedge lines.

How many can you find?

Old fallen beech trees show how shallow the roots were. You can see the roots here without going underground.

BIRDS Look out for these winter visitors

Fieldfare

Redwing

Animals – During these shorter days you are more likely to see some animals.

Have you seen any Foxes or Rabbits?

**Even if you don't see them, look for tracks in the snow or the mud.
This wildlife tracks guide is in the picnic area.**

**Do you know
where this tree is?**

**Enjoy the park throughout
the year, and see the
changes week by week.**
